

To All Parents/Caregivers of Our Patients

Due to insurance and liability reasons, we are asking that you please stay on the premises (in the building or parking lot) while the patient is attending therapy.

We encourage you to watch them during therapy or you are welcome to stay in the waiting room area. Again, we are asking that you do not leave while they are having their therapy. If you have an emergency and need to leave, please make sure the office supervisor and/or the therapist has your cell phone number.

Thank you for your co-operation.

Sincerely,

Management Staff
